

Enriching Your Data & Securing Your Cloud

Solutions Designed with Our Customers in Mind

Cloud Migration

For when you're ready to upgrade and update your current data management solution

Data Analytics

When your "Data Lake" is feeling more like a "Data Swamp" Dito is here to clear the path and help make sense of it all

Security & Governance

Ready to update your policies or put new policies in place? Dito has the expertise to guide you

Multi-Cloud / Anthos

Workforce modernization does not have to be disruptive, we can migrate your data to any and all cloud instances

App Modernization

Apps are the instant access to your companies services; streamline and modernize with the help of our engineers and UX experts

Location-Based Services

Maps aren't just for customers to find you, location services can help you optimize your logistics, maintenance logs, and service times

JumpStart Assessments

If you're not 100% sure where to start, we have a JumpStart especially for you. From Security to Cloud to Apps, we have a 20-day evaluation program that will work to meet your needs.

Professional Services

Custom engineering solutions for turning your organization's most challenging problem into its most prized asset.

Productivity / Collaboration

Stop struggling with version controls, endless emails, long meetings, and phone calls. Streamline your environment to increase productivity and decrease frustration.

With a custom-designed chatbot you can create an easy way to answer questions, solve repetitive problems, and even streamline onboarding.

Google Cloud
Partner

Why Dito?

Dito is a Google Premier Partner committed to providing boutique service & ingenious solutions for modernizing collaboration, data management, and smart analytics programs. We exclusively evangelize the power and simplicity of the Google Cloud and Suite of business services.

Driving Cloud Shift Since 2007

Dito has worked with over 1,600 organizations from Agriculture to Technology to Zoology. Our solutions range from analytics & data visualization to workforce modernization & migration. Bring your business challenge to Dito and we will create a customized solution that powers your data and accelerates your journey. Dito's team of dedicated and experienced experts work hard every day to ensure the success of your assessment, migration, and ongoing management.
